Corporate Sponsor Program

(To Be Distributed to Local Businesses)

Turn Your Trash Into Cash By Donating Your Empty Printer Cartridges & Helping Local Schools/Organizations Raise Funds

It is estimated that 300 million cartridges are thrown away every year. These cartridges are made of industrial plastics and take up to 1,000 years to decompose. In many states school budgets are being cut and can often times affect the quality of education for children. This is a wonderful opportunity to give back to the community and help schools that are in need. Business and school partnerships can benefit a corporation by helping its image within the community.

The following school/organization has asked for your consideration:

School/Organization Name _____

Contact Name/Phone # _____

Address _____

City, State, and Zip _____

Here's how it works:

1. Please find a central location within your company to place a cartridge collection box/bin.
2. Please notify all employees not to dispose of any InkJet or Laser Cartridges.
3. After cartridges have been collected you may contact the school or organization that you are donating to and coordinate a date and time that they can come pick up your empties. Cartridges can also be dropped off at the school/organization location.
4. If you would like your cartridges to be picked up directly from your location please contact Inkjets For Education for prepaid labels at 1-877-987-3678, Fax 1-866-454-5439 or Email: inkjetsforeducation@yahoo.com. Thank You for your support !!!

NOTE: Only name brand (HP, Lexmark, etc), once used cartridges are accepted. We do not accept remanufactured or refilled cartridges.
